## JOIN US ACROSS CANADA FOR FREE STREAMED WEB PRESENTATIONS ON HUNTINGTON DISEASE RESEARCH

### THE SILVER LINING: LEARNING FROM UNSUCCESSFUL HD CLINICAL TRIALS DR. TAMARA MAIURI, MCMASTER UNIVERSITY

Join researcher, Dr. Tamara Maiuri, to learn about the results of recent Huntington disease (HD) clinical trials including Amaryllis, Open-HART, Pride and more. Together we will understand why these trials were stopped, but more importantly, what researchers learned that will continue to guide us in the future for treatments of HD.

### WHAT'S NEXT? CLINICAL TRIALS IN HD THROUGHOUT CANADA DR. MARK GUTTMAN, CENTRE FOR MOVEMENT DISORDERS, TORONTO DR. BLAIR LEAVITT, UNIVERSITY OF BRITISH COLUMBIA DR. OKSANA SUCHOWERSKY, UNIVERSITY OF ALBERTA

Our panel of researchers, including Dr. Mark Guttman, Dr. Blair Leavitt and Dr. Oksana Suchowersky, will each share the latest news on their research and upcoming clinical trials, including HD-Clarity, Huntingtin Lowering, and GM-1. Moderated by HSC CEO Bev Heim-Myers, this presentation is sure to lead you to *believe!*

#### MANITOBA EVENT DETAILS
