

What is HD?

Huntington Disease (HD) is a cruel, hereditary brain disease that touches the life of one in every thousand Canadians. It causes relentless physical and mental deterioration, leading to eventual death. Although there is presently no cure for HD, there is hope. The gene for HD was discovered in 1993, and since then scientists have made great progress towards finding treatments and, hopefully, a cure.

Special Thanks...

The Winnipeg HD Indy has been the largest of all the Indy events across Canada for the last fifteen years. We are grateful for the generous support of all our corporate sponsors, drivers, and volunteers. Your dedication and enthusiasm ensures that vital services continue to be provided to Manitobans dealing with HD in their lives while scientists strive toward a treatment or cure. Thank you so much from all the individuals, families, and friends dealing with HD in their lives.

In June of 2007, it was announced that HD had been cured in mice. Then in February 2012, Canadian researchers have demonstrated reversing the affects of HD within a mouse!

There are currently a number of exciting clinical trials across the globe and results have been encouraging! We're almost home! Help us cross the finish line!

HIGH PERFORMANCE FUNDRAISER**

Location Thunder Rapids Amusement Park
of track: 5058 Portage Avenue, Headingley, MB
(2 1/2 miles west of Assiniboia Downs)

Ready... Set...

GO!

Revvv up
your engines
for a truly fun-filled
experience at the
31st Annual Huntington's
Indy Go-Kart Challenge!

Lap #1 Register Your Team

Get a team of up to six people together. Then call Vern Barrett at 204-694-1779 to reserve a go-kart for your team for two hours of driving fun.

Karts come into the pit area for change of driver every 20 minutes; 6x20 = 120 minutes or 2 hours of driving time! Children must be 10 years of age and 52" tall to drive a go-kart. We will have a number of "buddy karts" available where a child and adult can ride together. Helmets are available free of charge for your use.

Lap #2 Raise Pledges

It's surprising how quick and easy it is to raise pledges.

Each team needs to raise a minimum of \$360 in pledge money to race. Visit our online pledging site at www.hdmanitoba.ca and CREATE YOUR OWN PROFILE.

Email friends and family the Online Donation form. TRACK YOUR PLEDGES!

Don't forget that all pledges of \$25 or more are tax deductible.

Cheques payable to Huntington Society of Canada.

Lap #3 Check In

On the big day, check in at the registration desk about 45 minutes before the event begins. Hand in your pledge money and don't forget to get your team picture taken.

Lap #4 Drrrive!

Your Team Captain will tell you who gets to drive first, second, etc. All karts come into the pit area every 20 minutes for a driver change. When your turn comes, hop in the go-kart and go!!!

When you're finished, maybe enjoy a round of mini-golf, compliments of Thunder Rapids! They also have bumper boats and batting cages to test your non-driving skills. And they have an excellent canteen to refuel in-between!

This is a fun-filled family day - come out and have a great time while contributing to the battle against Huntington Disease! Thank you so much!

For the "HIGH PERFORMANCE" Fund Raiser
